

# Double Door Retractable Screen Installation

## STEP 1

Place the **LEFT HOUSING** into the left-side of the door jamb (Diagram #1-1). Then slide the **TOP TRACK** into the **LEFT HOUSING** (Diagram #1-2). Now place one **SCREW** (Diagram #2-1) through the inside of the **TOP TRACK** securing the **LEFT HOUSING** in place.

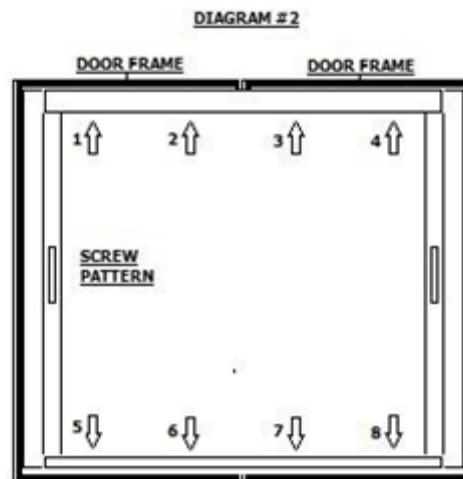

## STEP 2

Pull the right side of the **TOP TRACK** outward and insert it into the **RIGHT HOUSING**. Then slide the **RIGHT HOUSING** into the right-side of the door jamb (Diagram #1-3).

## STEP 3

Slide the **BOTTOM TRACK** into the **LEFT HOUSING** (Diagram #1-4). Pull the bottom of the **RIGHT HOUSING** outward and insert the **BOTTOM TRACK** (Diagram #1-5). Then slide the bottom of the **HOUSING** into the door jamb.

## STEP 4

Make sure the screen is aligned within the door jamb, and then insert the remaining **SCREWS** in the order shown (Diagram #2-2 thru #2-8).

## OPTIONAL

To install a **SLIDE LOCK**, close the side of the door that usually remains shut. Then close the right and left screens together. Now align the screen with the door and place the slide lock cap to the top track and screw into place.
